**HEARTSHARE
ST. VINCENT'S
SERVICES**

*Annual
Benefit*

HEARTSHARE ST. VINCENT'S SERVICES

HeartShare St. Vincent's Services (HSVS) empowers youth, individuals and families to overcome the challenges of family crises, addiction, mental health and poverty. Working together, we open new doors of opportunity to help our clients achieve healthy, happy lives. With four programmatic divisions - Foster Care & Preventive Programs, Integrated Health Services, Residential & Housing Programs and Youth Development & Community Programs - HSVS annually serves approximately 6,000 at-risk New York children, youth and families, including over 2,700 of the City's most vulnerable youth.

This continuum of services enables HSVS to address clients' unique circumstances and needs, equipping them with the tools and skills to achieve their dreams.

FOSTER CARE & PREVENTION PROGRAMS

Foster Care & Prevention Programs, currently serving over 1,500, strengthen families in times of crisis. We collaborate with parents and provide the tools and skills necessary to build loving, happy family environments in which children and youth thrive.

INTEGRATED HEALTH SERVICES

Integrated Health Services, serving 1,300, provides skills-based therapy and healthcare management to empower individuals to achieve wellness. We guide those in our care to strengthen their family and social relationships, achieve personal goals and contribute more meaningfully to their communities.

RESIDENTIAL AND HOUSING PROGRAMS

Residential & Housing Programs provide safe homes for those most in need. Our clients, given the security they sense in a safe, caring and stable living environment, combined with targeted support services, are empowered to overcome the challenges in their lives.

YOUTH DEVELOPMENT & COMMUNITY PROGRAMS

Youth Development & Community Programs, serving over 2,800, educate and nurture youth to empower them as they develop into successful adults. Through innovative services, we encourage our clients who participate in our community programs and our youth in foster care to develop positive and constructive relationships, expand their experiences and achieve their dreams.

Our acclaimed American Dream Program (ADP) is within this Division. As a privately funded program, ADP provides education and emotional support, as well as career advancement programming to empower older youth to overcome their personal challenges and to excel as adults. The program helps them find their own paths, make plans and develop the skills to take on the challenges of careers, education, finances and adult responsibilities with energy and confidence.
